HERE'S A SECOND CHANCE – for all Appomattox County residents and others who have not yet been contacted by the RESCUE SQUAD for a donation to the $12,500 fund drive for a new ambulance.

TELEPHONE 352-7451 –Ray Noble, finance chairman at Travelers Inn and a Squad member will pick up your donation at your convenience.

Some householders were not at home during the door-to-door canvass so here's that second change to "Help Us Help You" says the Rescue Squad.

The drive is going well – Hixburg – Hollywood tonight (Thurs.), but if there's a dollar anywhere around MEANT for the Rescue Squad, the Squad wants to get it – and they're offering door-to-door pickup.

Wouldn't it be great – if when the new ambulance whizzes by you could say, "I helped to buy that ambulance!"

## Local Banks Close On Saturdays

### Beginning Jan. 2,1970

The two local banks, Farmers National and Fidelity National have announced plans to observe Saturday closing, begining January 2, 1971. With this action the local banks will join a large majority of Virginia banks already closed on Saturday.

Under the proposed new schedule the banks will actually be open to the public two hours more than they are at the present time, New banking hours to be observed beginning Jan. 1971 will be from 9:00 a.m. to 2:00 p.m. Monday through Friday and from 3:30 to 6:30 p.m. on Friday evenings.

## Drive Begins For Girl Scouts

The first dollar donation is on the table as Mrs. M. A. Herncall (far right) writes out a receipt to begin the second annual drive for funds for the Virginia Skyline Girl Scout Council. Co-chairman (standing) is Mrs. R. D. Robinson shown with Mrs. Jim Clark and Mrs. Jerry Heifner, who are part of a group of men and women canvassing business men, civic organizations and individuals to secure funds for the program. The fund drive is necessary, say the chairmen because Appomattox County has no united fund. The drive began Wed., Oct. 21 and continues through Saturday, Oct. 24. All Girl Scouts of the Appomattox area will benefit through improved camping facilities, training materials and trained professional workers to assist volunteer troop leaders and helpers.

# Council Supports Squad Drive

## J.A. Burke Supports School Bond Issue

The records of the Appomattox County School Board will show that every school but it in Appomattox County for the past sixty-two years was built on borrowed money. The original Appomattox High School, known as the Appomattox Agricultural High School, was built during the year 1908. It would be hard to measure in dollars and cents and other wise the great value this school was to the boys and girls of this county generally. It was actually the beginning of a new era in education for Appomattox.

By 1939 the enrollment exceeded the capacity of the building. The old building was torn down and a new, more modern one was constructed in its place. That was thirty-one years ago.

The original Carver-Price School was built in 1927 and in 1952 a completely new Carver Price building was constructed and joined to the original building and it has more recently been added to.

The Appomattox Elementary School was separated from the Appomattox High School and an entirely new Elementary Building constructed in 1955.

The original Pamplin High and Elementary School, which was a frame building and inadequate, was torn down and a new masonry building constructed in 1934-35.

All of these buildings and additions were financed on borrowed money. It couldn't have been otherwise since the county was unable to pay for these buildings except on a long term basis.

Due to the fact that more young people now go to high school than they did several years ago, the School Board is faced with another problem of housing and other educational facilities. The present high school building is not equal to the demands made upon it and the School Board must find a remedy for this situation. After a careful study over several years, it is their firm opinion that a senior high school is now necessary, if Appomattox County is to meet its obligations to its boys and girls and the people in general. I am confident that the school officials would not have made this recommendation if they were not thoroughly convinced that a senior high school building, as proposed,

The Gold Emblem was awarded to only 60 chapters in the United States out of a total of 9,000 Chapters across the country.

This award was presented on the accomplishments of the chapter last school year.

The Appomattox County Chapter had 160 active members last year. The boys conducted an average of 14 agricultural enterprises per member. Eighty members improved their farmstead entrances by constructing concrete mailbox posts.

More than twenty farmers in the county have hogs bred

## Town Committees Are Named

Town Council of Appomattox welcomed its newest member, Thomas E. (Sonny) Conner on Monday evening and voted to support the current Rescue Squad drive as part of a busy evening devoted to many topics.

Bill Sperry and Grover P. Beasley, Jr., representing the Appomattox County Rescue Squad, appeared before Council to ask for a contribution for the new ambulance the Squad hopes to purchase at the end of its campaign to raise $12,500.

They also asked Council to consider adding the Squad to the town's annual budget in order to underwrite part of the operating expenses of the Rescue service. Sperry said that members give many hours of their time to fund raising events which might better be spent in drills and study to become more proficient in rescue work. Council postponed action on both requests, asking time to consider the proposals.

The Council did state support for the Squad and its drive.

Commonwealth's Attorney Harry Gordon Lawson, who is also Town Attorney, conferred with council and the mayor with regard to a meeting Tuesday in Richmond with Attorney General Andrew Miller. Purpose – to oppose proposed rate increases by First Colony Telephone Company which has scheduled a public hearing Friday, Oct. 23, in Richmond.

Town manager C. S. Booth said that 1st Colony's proposals call for an increase of 85% in telephone service costs. A sample increase will be from a householder's standard $4.60 plus tax service rate to $8.50. Business firms may be billed for $17.00 –$15.50 for a two-party line, etc.

Town Council went on record as officially opposing the rate increases, and Mayor Pack asked for members to accompany him to Richmond for Friday's hearing.

Attorney H. G. Lawson also told council that the first of a series of legal hearings will be held Thurs., Nov. 5 in Judge C. F. P. Crawley's court for residents who have failed to pay back taxes owned to the town.

Fire committee chairman Martin Webb said that firemen have requested a new fire engine for the town. The present vehicle is a 1948 model. Firemen will be asked to bring in comparative prices for the equipment they have in mind.

C. S. Booth said that one building permit had been issued
